

MEMBER BENEFITS

www.joinfawl.org

FAWL is the strong organization it is today because of more than 3,000 members across the state who dedicate themselves to our association and its mission. Ongoing debate over gender equality, workplace harassment, parental leave, and judicial appointments affect all women lawyers and make FAWL's efforts on these issues even more important.

We invite you to participate in the discussion by joining FAWL and one of our 35 local chapters and take advantage of the many networking, education, and career development opportunities available to you. FAWL chapters offer frequent programs like networking luncheons, judicial receptions, professional development, mentoring, member awards, and much more.

CONNECTION with over 3,000 fellow members at local chapter meetings and at FAWL signature events such as Lobby Days, Annual Summit and our Annual Awards & Installation Gala.

PUBLICATION opportunities in substantive areas of the law through contribution to the *FAWL Journal*. A subscription is included in your membership and will be mailed to you.

RECOGNITION of member's professional accomplishments in statewide newsletters, print publications, social media, and our prestigious annual awards.

LEADERSHIP and volunteer opportunities for members at the state level through the FAWL governing boards and committees.

- ◆ Member Advancement & Promotion
